The original price for the albums are listed first, followed by the duplicate pricing for an album of the same design. For example, if you choose the Pacific 10x10 30 pg album for \$495 (included in packages with albums) and you want to add an 8x8 album of the same design for your parents, the 8x8 duplicate would be \$355. Additional charges for options are applied to each individual album.
