Portrait Packaging

All packages include any location in the Houston/Galveston area, up to three outfit changes for photo shoot, and **never any pose limits or time limits for any session**. All of the images from your session will be edited for color balance, contrast, and cropping. Your images will then be uploaded to your personal online gallery for viewing and/or ordering your images at your own pace. Any prints or images included in albums and slideshows will be retouched for perfection (blemishes, stray hairs, minor background adjustment, etc).

Let us hear your ideas for specific artistic specialty edits.

We love turning your images into works of art!

Our session fee is \$225, and each session includes a \$50 print credit to apply toward and size or quantity of standard print. This fee also covers all of the initial edits to your images, and posting of your online gallery.

We schedule only one session per day so that we can give our clients all the attention they deserve!
